# *AP Human Geography*

## Rubenstein Chapter 1: Basic Concepts Vocabulary

### Key Issue #1

1. Map –
2. Cartography –
3. Scale –
4. Projection –
5. Meridian –
6. Longitude –
7. Prime Meridian –
8. Parallel –
9. Latitude –
10. Greenwich Mean Time (GMT) –

11. International Dateline –

12. Geographic Information Science (GIScience) –

13. Remote Sensing –

14. Global Positioning System (GPS) –

15. Geographic Information System (GIS) –

## **Key Issue #2**

16. Place –

17. Location –

18. Toponym –

19. Site –

20. Situation –

21. Region –

22. Cultural Landscape –

23. Regional Studies –

24. Formal Region –

25. Functional Region –

26. Vernacular Region (Perceptual Region) –

27. Mental Map –

28. Culture –

### **Key Issue #3**

29. Globalization –

30. Housing Bubble –

31. Transnational Corporation –

32. Space –

33. Distribution –

34. Density –

35. Concentration –

36. Pattern –

37. Connection –

38. Hearth –

39. Diffusion –

40. Relocation Diffusion –

41. Expansion Diffusion –

42. Hierarchical Diffusion –

43. Contagious Diffusion –

44. Stimulus Diffusion –

45. Distance Decay –

46. Space-Time Compression –

47. Network –

48. Uneven Development –

## Key Issue #4

49. Resource –

50. Renewable Resource –

51. Nonrenewable Resource –

52. Sustainability –

53. Conservation –

54. Preservation –

55. Biotic –

56. Abiotic –

57. Atmosphere –

58. Hydrosphere –

59. Lithosphere –

60. Biosphere –

61. Climate –

62. Ecosystem –

63. Ecology –

64. Erosion –

65. Cultural Ecology –

66. Environmental Determinism –

67. Possibilism –

68. Polder –
